

How to sort and dispose waste and recyclables

There are designated days, collection sites and procedures of disposing waste and recyclables. See P.18 and fill the designated collection days for the area you live in. Sort the waste and take it out to the designated site by 8:00 am on the collection day. Put the waste in a clear bag so its contents are visible.

How to put out

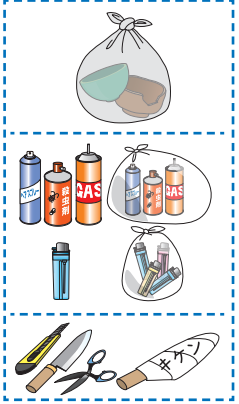

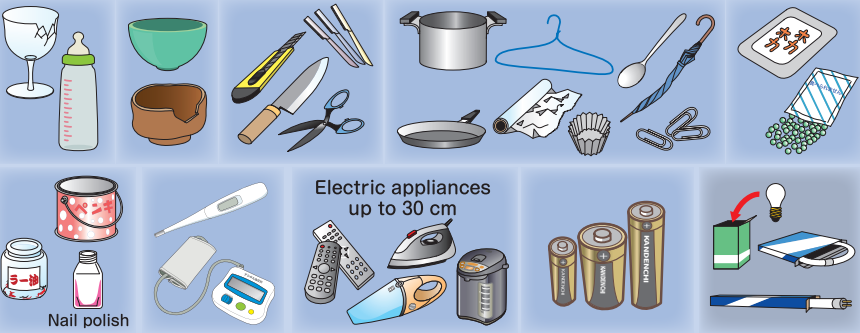

Burnable waste

Twice a week

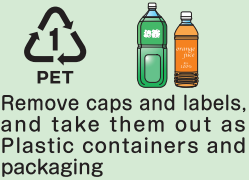

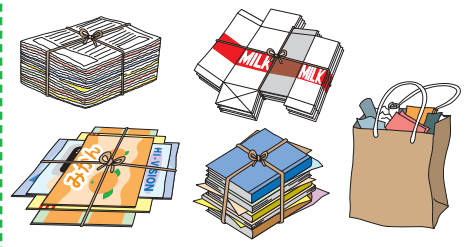

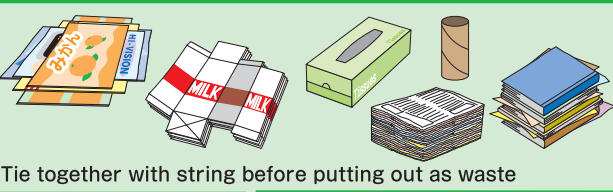

Non-burnable waste

Twice a month

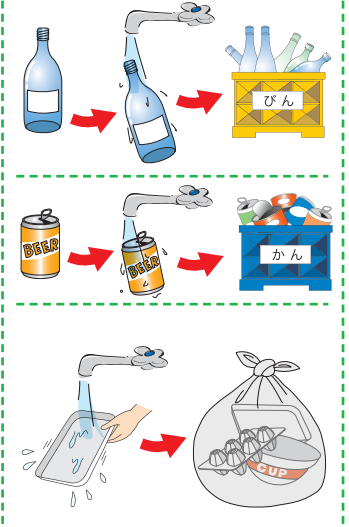

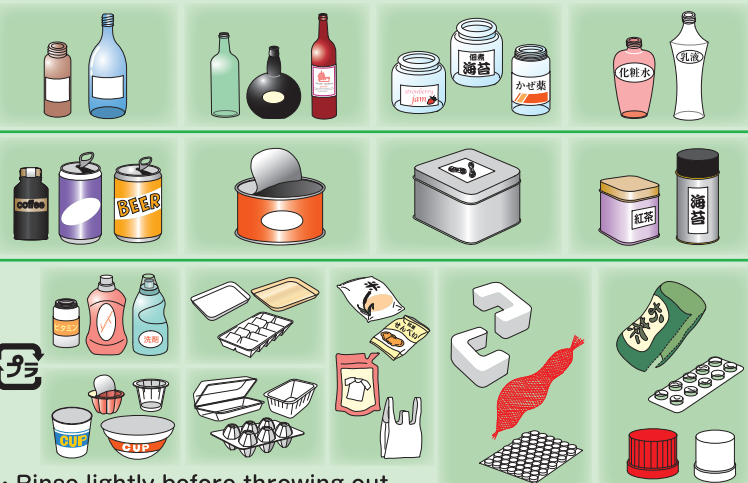

Recyclable papers/PET bottles

Once a week

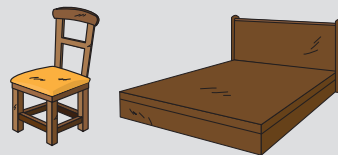

Glass bottles, Cans, Plastic containers and packaging (containers made from plastic)
